

Renal Failure Academy, 13th Edition
Bucuresti, Romania
08-10 May 2015
Scientific Program
Preliminary program – stand 15.09.14

08th May 2014

- Opening ceremony. Salutes from University of Medicine "Gr.T. Popa", ERA-EDTA and SRN (Prof. Dr. Adrian Covic, Prof. Dr. Andrzej Wiecek,)

Morning session

Track No 1 Every day questions from the nephrology clinic

9.30-10.00 Jeremy Levy: Vasculitis update and SLE treatment made easy

10.00-10.30 Jeremy Levy: End of life care for patients with kidney disease

10.30-10.45 Discussions

10.45-11.00 - Coffee-break

11.00-11.30 Adrian Covic: Volume assessment- Cardiovascular disease and survival implication- How to do it in 2015?

11.30-12.00 Charles Ferro-Cardiovascular disease in CKD: Who, where and why?

12.00-12.30 Charles Ferro - Cerebrovascular accidents and CKD: a stroke of bad luck?

12.30-12.45 Discussions

Afternoon session

Track No 2: Diabetes nephropathy

15.00-15.30 Alberto Ortiz -Therapy of diabetic nephropathy: recent and ongoing clinical trials

15.30-16.00 Gert Johann Mayer - Aspects of iron therapy in inflammation and on diabetic nephropathy.

16.00-16.30 Wim Van Biesen – ERA-EDTA diabetes guideline

16.30-16.45 Discussions

16.45-17.00 Coffee-break

Track No 3: Evidence Based Medicine

17.00-17.30 Wim Van Biesen – Peritoneal dialysis in 2015

17.30-18.00 Ionut Nistor- Standardized Core Outcome Set for trials in Chronic Kidney Disease

09th May 2014

Morning session

Track No 4 CKD- prevention, progression, pathophysiology, aging

9.00 - 9.30 Alberto Ortiz - Mortality in chronic kidney failure

9.30-10.00 Andrzej Wiecek - Role of adipokines in the pathogenesis of cardiovascular complications in CKD patients

10.00-10.15 Discussions

10.15- 10.30. Coffee-break

10.30-11.00 Ziad Massy- calcium sensing receptor and CKD

11.00-11.30 Adrian Schiller – Chronic diseases. Do we have common treatment solutions?

11.30-11.45 Discussions

Afternoon session

Track No 4 End stage renal disease, dialysis, PD, RRT

14.00-14.30 Mario Cozzolino - vitamin D phosphate binders in CKD- 2015 update

14.30-15.30 Mario Cozzolino / Marc G Vervloet Pro/Con debate :

Vascular calcification – epiphenomena and do not bother to measure and to treat vs Vascular Calcification – main target in the management of CKD pats

15.30-15.45 Discussions

15.45-16.00 Coffee-break

16.00-16.30 Marc G Vervloet – Arterial stiffness

16.30-17.00 Ziad Massy – Management of vascular calcification – 2015 update

17.00.-17.30 **Mehmet Kanbay**- Blood Pressure monitoring in CKD' and recent guidelines

Closing remarks

20.00. Gala Dinner
