

XIV International CME Course Scientific Program

Under the aegis of ERA-EDTA, ISN and KDIGO

September 17, Thursday

9:00-9:10 Introduction

9:10-12:00 Morning session Chairpersons John Feehally&Andrzej Wiecek

9:10-9:40 “Global nephrology: opportunities for progress” (John Feehally, GB)

9:40-9:45 Q&A

9:45-10:15 “0by25 - new initiative of ISN” (Jorge Cerda, USA)

10:15-10:20

10:20-10:50 “Overview of renal pathology evolution, advances and clinical correlations” (Agnes Fogo, USA)

10:50-10:55 Q&A

10:55-11:25 “25 years of treating anaemia in CKD patients (part 1)”

11:25-11:55 “25 years of treating anaemia in CKD patients (part 2)” (Fernando Carrera, Portugal)

11:55-12:00 Q&A

12:00-12:30 Break

12:30-14:45 Afternoon session Chairpersons Fernando Carrera&Joel Kopple

12:30-13:00 “Adipokines as CV risk-factors in CKD” (Andrzej Wiecek, Poland)

13:00-13:05 Q&A

13:05-13:35 “Muscle metabolism and function and the importance of vitamin D in CKD” (Joel Kopple, USA)

13:35-13:40 Q&A

13:40-14:10 “ADPKD – what’s new and what about guidelines” (Yusuke Tsukamoto, Japan)

14:10-14:15 Q&A

14:15-14:40 “Iron metabolism – anemia and beyond” (Jacek Lange, Poland)

14:40-14:45 Q&A

14:45-15:30 Break

15:30-19:00 Evening session Chairpersons Elena Zakharova&Halima Resic

15:30-16:00 “Prevention of intradialytic arterial hypotension” (Fred Finkelstein, USA)

16:00-16:05

16:05-16:35 “Bioimpedance – evaluation of fluid status in PD patients” (Andrew Davenport, UK)

16:35-16:40 Q&A

16:40-17:10 “BioLogic RR® Comfort system for prevention of hypotension in patients on hemodialysis (Phillip Orlik, Germany)

17:10-17:15 Q&A

17:15-17:45 “Dietary protein requirements for maintenance haemodialysis and chronic peritoneal dialysis patients” (Joel Kopple, USA)

17:45-17:50 Q&A

17:50-18:20 “Hepatitis C in CKD – 6 years after KDIGO Guidelines” (Michel Jadoul, Belgium)

18:20-18:25 Q&A

18:30-19:00 “Therapeutic plasma exchange: current perspectives and renal indications” (Andre Kaplan, USA)

19:00-19:05 Q&A
